for the current listing of courses
and conferences at The
Jackson Laboratory.

30 August–September 2, 2003
6th Diabetic Neuropathy Satellite
Symposium to the 18th International
Diabetes Federation Congress in
conjunction with NEURODIAB
XIII - 13th Annual Meeting of the
Diabetic Neuropathy Study
Group of the EASD
Saint Malo, France

This symposium follows the tradition
of the previous five triennial Diabetic
Neuropathy IDF Satellite meetings
that have been held in San Jose
(Costa Rica) in 2000,
Noordwijkerhout
(The Netherlands) in 1997,
Hakone (Japan) in 1994,
New York (USA) in 1991,
and Singapore in 1988.

The aim is to give physicians
and researchers from all over the
world the opportunity to exchange
their views and ideas on the putative
mechanisms underlying the various,
potentially devastating neuropathic
complications and to discuss how
they could be detected at earliest
stages and most effectively treated
or prevented.

Deadline for submission of abstracts:
1st March 2003

For registration please contact:
Agence EVIC
58, rue Trousseau
75011 Paris, France
Tel: +33-1-4923 0117
Fax: +33-1-4923 8019
e-mail: camillevoisin@evicvents.com
